

*New Advances in the Treatment of Type 2 Diabetes:
Clinical and Economic Implications for Managed Care*

Proceedings in this Special Report supplement to *The American Journal of Managed Care* are based on presentations and roundtable discussions that took place in Aspen, Colorado, on May 5 and 6, 2000.

This supplement to *The American Journal of Managed Care* includes 3 presentations and an interview on diabetes management. The contents of this supplement have been developed under the direction of and peer reviewed by Christopher D. Saudek, MD, Professor, Department of Endocrinology, and Director, Johns Hopkins Diabetes Center, Johns Hopkins University School of Medicine, and Program Director, General Clinical Research Center, Johns Hopkins Medicine, Johns Hopkins Health System, for CME accreditation.

This supplement has been peer reviewed by Glen E. Farr, PharmD, Professor of Pharmacy Practice and Pharmacoeconomics, Assistant Dean for Continuing Education, the University of Tennessee College of Pharmacy, for CPE accreditation.
