

The Need for Cholesterol Control: Clinical and Managed Care Concerns

Proceedings in this supplement to *The American Journal of Managed Care* are based on presentations and discussions that took place during an educational symposium titled, "Managed Care's Most Wanted: Controlled Cholesterol," held in Tampa, Florida on April 19, 2001, during the 13th Annual Meeting and Showcase of the Academy of Managed Care Pharmacy.

This supplement has been reviewed by experts in the field at Virginia Council on Pharmaceutical Education and The Institute for Johns Hopkins Nursing.
