

*Clinical and Economic Considerations in the  
Prevention of Osteoporosis Among Postmenopausal Women*

Proceedings in this Special Report Supplement to *The American Journal of Managed Care* are based on a roundtable symposium, "Approaches to Prevention of Postmenopausal Osteoporosis: The Impact of Emerging Therapies," held in New York City on September 19, 1997.

The proceedings in this Special Report Supplement have been reviewed by Michael A. Levine, MD, Director of the Bone and Mineral Center and Professor of Medicine and Pathology, Division of Endocrinology and Metabolism, Johns Hopkins University.
