EXPLANATORY

Publication:

(a) Print Only Individual subscriptions, averaging 39 paid copies per issue and 18,149 qualified nonpaid copies per issue, represent copies served to individuals receiving the print version only of BIOPHARM INTERNATIONAL.

(b) Digital Only Individual subscriptions, averaging 1 paid copy per issue and 7,754 qualified nonpaid copies per issue, represent copies served to individuals receiving the digital version only. The digital version of BIOPHARM INTERNATIONAL is made available to subscribers wherein an e-mail notice is sent to recipients notifying them of the availability of each issue.

(c) Print & Digital (Unduplicated) Individual subscriptions, averaging 1 paid copy per issue and 5,961 qualified nonpaid copies per issue, represent copies served to individuals receiving both a print and digital version of BIOPHARM INTERNATIONAL. The digital version of BIOPHARM INTERNATIONAL is made available to subscribers wherein an e-mail notice is sent to recipients notifying them of the availability of each issue.

(d) Multi-Copy Same Addressee subscriptions, averaging 8 copies per issue, represent copies sold in quantities of 2 or more to individuals and media departments at basic prices. Copies were mailed to the purchaser for redistribution.

(e) Miscellaneous includes checking and promotion copies, averaging 994 copies per issue, served to advertisers and agencies.

EXPLANATORY (Continued)

Website:

AAM Digital Services Definitions:

Domains included in website traffic: www.biopharminternational.com.

This site uses the cookie-based method to measure unique browsers. If cookies are not accepted, then the IP address & user-agent in combination based method is used to measure unique browsers.

Note: The total number of unique browsers is adjusted to remove duplicate visits by the same browser. In other words, regardless of the number of times that an identified browser visited the site, they were considered a single unique browser for the period.

Website Usage Definitions:

Page Impressions: The combination of one or more files presented to a browser as a single document as a result of a single request received by the server, and that is recorded at a point as late as possible in the process of delivery of the content to the user's browser, therefore closest to the actual opportunity to see the content by the user. In effect, one request by a browser should result in one page impression being reported. The counted page impression may not necessarily be in focus or visible in the user's browser.

Unique Browser: A measurement of unduplicated cookie browsers that accessed the digital content of a site during the measurement period reported. In the absence of a cookie, the combination of the IP address and user-agent string may be used to measure a unique browser. For numerous reasons, a unique browser does not represent a unique individual.

Visit: A series of interactions with a site by a unique browser or user (if registration-based or a panel participant) without 30 minutes of inactivity.

Unique Browser Frequency: Unique Browser Frequency represents the average number of times a unique browser visits a site during a reporting period. This is calculated by dividing the total number of visits by the number of unique browsers.

Page Duration: The average measurable time spent viewing any page on a website.

User Session Duration: The average measurable time browsers remain on a site per visit.

E-newsletters:

Net Distribution: The number of e-newsletters for a given mailing that reached the subscriber's email delivery server with a positive status code response received in return. Net distribution is calculated by subtracting undelivered messages from sent messages.

To Members of the Alliance for Audited Media:

We have examined the circulation records and other data presented by this publication for the period covered by this report. Our examination was made in accordance with AAM's Bylaws and Rules, and included such tests and other audit procedures as we considered necessary under the circumstances.

In our opinion, the total average qualified paid and nonpaid circulation for the period shown is fairly stated in this report, and the other data contained in this report are fairly stated in all respects material to average qualified paid and nonpaid circulation.
