

CONTRACT TESTING SERVICES

Lancaster Laboratories, a premier contract laboratory, provides comprehensive chemical and microbiological testing services to the pharmaceutical and biopharmaceutical industry worldwide. Founded in 1961, the company is housed in a modern 175,000-square-foot facility including a 9,000-square-foot controlled microbiology laboratory and state-of-the-art instrumentation. With extensive laboratory capacity, technical expertise, and a multiple-shift staff, Lancaster Laboratories can handle projects of any size. **Lancaster Laboratories**, Lancaster, PA, www.lancasterlabs.com.
