

SHORT COURSES

GC

Comprehensive Capillary GC

14 October, 21 October

Contact: Rick Parmely, Restek Corporation, tel. (800) 356-1688 x2191, fax (814) 353-1309, e-mail rick.parmely@restekcorp.com, www.restek.com/seminar.

Gas Chromatography

18–20 October

Contact: Barbara Sherman, PACS, Inc., 409 Meade Drive, Coraopolis, PA 15108, tel. (724) 457-6576 or (800) 367-2587, e-mail Barbpac@aol.com, www.pacslabs.com.

Headspace GC Theory and Techniques

19–20 October

Contact: Agilent, tel. (800) 227-9770, www.chem.agilent.com/Scripts/education.asp.

Hands-On Techniques of Gas Chromatography

25–29 October

Contact: Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956, e-mail training@axionlabs.com, www.GCTraining.com.

Techniques in Gas Chromatography

25–29 October, 24–28 January 2005

Contact: e-mail info@axionlabs.com, www.axionlabs.com/course.html.

GC-MS

1 November, 3 November

Contact: Rick Parmely, Restek Corporation, tel. (800) 356-1688 x2191, fax (814) 353-1309, e-mail rick.parmely@restekcorp.com, www.restek.com/seminar.

Agilent 6890 GC Troubleshooting and Preventive Maintenance

19 November

Contact: Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956, e-mail training@axionlabs.com, www.GCTraining.com.

Headspace Gas Chromatography

19 November

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, http://chemistry.org/short-courses.

ChemStation for GC Data Analysis and Reporting

26–18 November

Contact: Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956, e-mail training@axionlabs.com, www.GCTraining.com.

Hands-On 5890 GC Maintenance

13–16 December

Contact: Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956,

e-mail training@axionlabs.com, http://www.GCTraining.com.

Capillary Gas Chromatography

24–25 February 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail shortcourses@acs.org, chemistry.org/short-courses.

HPLC

Hands-On American Chemical Society (ACS) HPLC: Fundamentals, Troubleshooting, and Method Development (A Lecture-Laboratory Course)

11–15 October

Contact: Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956, e-mail training@axionlabs.com, www.HPLCTraining.com.

Comprehensive HPLC

18 October

Contact: Rick Parmely, Restek Corporation, tel. (800) 356-1688 x2191, fax (814) 353-1309, e-mail rick.parmely@restekcorp.com, www.restek.com/seminar.

High Pressure Liquid Chromatography

18–19 October

Contact: Barbara Sherman, PACS, Inc., 409 Meade Drive, Coraopolis, PA 15108, tel. (724) 457-6576 or (800) 367-2587, e-mail Barbpac@aol.com, www.pacslabs.com.

HPLC Method Development

21–22 October

Contact: Rick Parmely, Restek Corporation, tel. (800) 356-1688 x2191, fax (814) 353-1309, e-mail rick.parmely@restekcorp.com, www.restek.com/seminar.

Fundamentals of High Performance Liquid Chromatography

4–5 November, 18–19 November, 26–27 February 2005, 12–13 March 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, http://chemistry.org/short-courses.

HPLC Routine Maintenance

7 December

Contact: Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956, e-mail training@axionlabs.com, www.GCTraining.com.

Agilent 1100 Series HPLC Routine Maintenance

7 December

Contact: Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956, e-mail training@axionlabs.com, www.HPLCTraining.com.

ChemStation for HPLC Data Analysis and Reporting

8–10 December

Contact: Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956, e-mail training@axionlabs.com, www.HPLCTraining.com.

Introduction to Liquid Chromatography and the HPLC ChemStation

25–28 January 2005

Contact: Agilent, tel. (800) 227-9770, www.chem.agilent.com/Scripts/education.asp.

Troubleshooting HPLC Systems

25 February 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, http://chemistry.org/shortcourses.

Practical HPLC Method Development

26–27 February 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, http://chemistry.org/shortcourses.

LC-MS

LC-MS: Fundamentals and Applications

8–10 November, 6–8 December, 14–16 March 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, http://chemistry.org/shortcourses.

Practical LC-MS

26–27 February 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, http://chemistry.org/shortcourses.

Miscellaneous

Supercritical Fluid Chromatography and Extraction

18–19 October

Contact: Barbara Sherman, PACS, Inc., 409 Meade Drive, Coraopolis, PA 15108, tel. (724) 457-6576 or (800) 367-2587, e-mail Barbpac@aol.com, www.pacslabs.com.

Capillary Electrophoresis

18–19 October

Contact: Barbara Sherman, PACS, Inc., 409 Meade Drive, Coraopolis, PA 15108, tel. (724) 457-6576 or (800) 367-2587, e-mail Barbpac@aol.com, www.pacslabs.com.

SHORT COURSES

continued from page 1041

Interpretation of Mass Spectra

3–5 November, 17–19 November, 1–3 December, 24–26 February 2005, 10–12 March 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, <http://chemistry.org/shortcourses>.

Peptide and Protein Characterization with Mass Spectrometry

4–5 November

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, <http://chemistry.org/shortcourses>.

Using Near IR Spectroscopy for Quantitative and Qualitative Measurements

9–10 November, 26–27 February 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, <http://chemistry.org/shortcourses>.

Polymer Chemistry: Principles and Practice

5–10 December

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, <http://chemistry.org/shortcourses>.

Polymer Chemistry

6–8 December, 25–27 February 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, <http://chemistry.org/shortcourses>.

Practical Capillary Electrophoresis

26–27 February 2005, 11–12 March 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, <http://chemistry.org/shortcourses>.

How to Develop, Validate, and Troubleshoot Capillary GC and HPLC Methods

26–27 February 2005, 10–11 March 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, <http://chemistry.org/shortcourses>.

Practical Capillary Electrophoresis

26–27 February 2005, 11–12 March 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, <http://chemistry.org/shortcourses>.

Fourier Transform Infrared Spectroscopy: Hands-on Workshop

26–27 February 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, <http://chemistry.org/shortcourses>.

Industrial Applications of Polymers Using Thermal Analysis

26–27 February 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, <http://chemistry.org/shortcourses>.

NMR Spectroscopy: Methods, Interpretation, and Strategies for Problem Solving

10–12 March 2005

Contact: American Chemical Society, tel. (800) 227-5558 x4508, e-mail short-courses@acs.org, <http://chemistry.org/shortcourses>.
