One-Dimensional Reversed-Phase Separation. Co-elution of Peptide Fragments

T. Kajdan, H. Cortes, S. Young, K. Kuppannan., *J. Chromatogr. A*, 1189 (2008) 183-195.

1. Polymers #1, 2, and blend were used in processes.
2. The fingerprint of the Polymer Residue matches the fingerprint of Polymer #1
