

SHORT COURSES

Gas Chromatography

Headspace GC Theory and Techniques

7–8 June, 14–15 June, 19–20 October

Contact: Agilent, tel. (800) 227-9770, <http://www.chem.agilent.com/Scripts/education.asp>.

Agilent 6890 GC Troubleshooting and Preventive Maintenance

18 June, 6 August, 24 September, 19 November

Contact: Dr. Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956, e-mail training@axionlabs.com, <http://www.GCTraining.com>.

Hands-On Techniques of Gas Chromatography

12–16 July, 25–29 October

Contact: Dr. Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956, e-mail training@axionlabs.com, <http://www.GCTraining.com>.

Techniques in Gas Chromatography

12–16 July, 25–29 October, 24–28 January 2005

Contact: e-mail info@axionlabs.com, <http://www.axionlabs.com/course.html>.

Gas Chromatography: Fundamentals, Troubleshooting, and Method Development

19–23 July

Contact: American Chemical Society, tel. (800) 227-5558, x4508, e-mail shortcourses@acs.org, <http://chemistry.org/shortcourses>.

Hands-On American Chemical Society (ACS) GC: Fundamentals, Troubleshooting, and Method Development (A Lecture-Laboratory Course)

19–23 July, 4–8 October

Contact: Dr. Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956, e-mail training@axionlabs.com, <http://www.GCTraining.com>.

Hands-On 5890 GC Maintenance

30 August–2 September, 13–16 December

Contact: Dr. Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956, e-mail training@axionlabs.com, <http://www.GCTraining.com>.

HPLC

Introduction to Liquid Chromatography and the HPLC ChemStation

13–16 July, 26–29 July, 25–28 January 2005

Contact: Agilent, tel. (800) 227-9770, <http://www.chem.agilent.com/Scripts/education.asp>.

High Performance Liquid Chromatography: Fundamentals, Troubleshooting, and Method Development

26–30 July

Contact: American Chemical Society, tel. (800) 227-5558, x4508, e-mail shortcourses@acs.org, <http://chemistry.org/shortcourses>.

Hands-On American Chemical Society (ACS) HPLC: Fundamentals, Troubleshooting, and Method Development (A Lecture-Laboratory Course)

26–30 July, 11–15 October

Contact: Dr. Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956, e-mail training@axionlabs.com, <http://www.HPLCTraining.com>.

Fundamentals of High Performance Liquid Chromatography

19–20 August

Contact: American Chemical Society, tel. (800) 227-5558, x4508, e-mail shortcourses@acs.org, <http://chemistry.org/shortcourses>.

Agilent 1100 Series HPLC Routine Maintenance

14 September, 7 December

Contact: Dr. Lee Polite, Axion Training Institute, Inc., tel. (312) 243-2153, fax (312) 873-3956, e-mail training@axionlabs.com, <http://www.HPLCTraining.com>.

LC-MS

Liquid Chromatography–Mass Spectrometry

13 June

Contact: Lorraine Henrich, Shimadzu Scientific Instruments, tel. (610) 494-8052, e-mail lthenrich@shimadzu.com, <http://www.eas.org/cfdv/>.

Chromatography–Mass Spectrometry: Principles and Practice

2–6 August

Contact: American Chemical Society, tel. (800) 227-5558, x4508, e-mail shortcourses@acs.org, <http://chemistry.org/shortcourses>.
