

INTERNATIONAL JOURNAL OF MS CARE

IJMSC

The Official Peer-Reviewed Publication of the Consortium of Multiple Sclerosis Centers

Sunday Morning | Stacey Vermilion – Heath, OH

“I was diagnosed with MS last year. I am unable to work. I’ve never painted so much since! I’m 55. In addition to being an artist, I’m a singer and an author. I’ve just started singing again and I just published my first book, *Who Killed Jolene*.”
