

Cover Story

Built for Speed

Sibyl Shalo

Senior Editor

It's no surprise that when Aventis was born in a merger four years ago it had big goals. The surprise is how many it has achieved.

40

Aventis COO Richard Markham

“I know of other mergers that happened more than 10 years ago where people still say, ‘Well, he’s a company X person.’ You don’t hear that here at Aventis, ever.”

Features

Clinical Trials

Pulling the Plug

Michael D. Lam

Associate Editor

You know the conventional wisdom: In R&D, it's best to fail early and often. But how early is early enough?

54

Training

The Case for Coaching

Brian Flanagan

Novartis Canada

A young management team learns the advantages of feedback, feedback, and more feedback.

62

Cutting Edge

Better Drugs Through Diagnostics

L.J. Sellers

Senior Editor

Introducing CeMines, a start-up company with ideas on how to spot cancers earlier through “molecular fingerprinting.”

68

Rx Club Awards

Upping the Ante

Joanna Breitstein

Senior Associate Editor

A bit edgier, a tad riskier, the winning ads in this year's Rx Club competition are inching along the creative continuum.
