Features

Industry Trends

60 The Ten Billion Dollar Molecule

Krishan Maggon, global industry consultant

Four pharma products are about to reach that elusive pinnacle. Find out what they have in common.

Management Strategies

70 The Path to Smart R&D

Jan Malek, PA Consulting

With top-down support, portfolio project resource management can streamline R&D.

New Technologies

82 Simulated Sales

Kevin Dolgin, Areks

Simulation lets reps experience the consequences of their actions—training they don't soon forget.

Clinical Trials

88 The E-Diary Advantage

Doug Engfer and Michael Hufford, invivodata

A new study demonstrates that real-time data collection enhances patient compliance in clinical trials.

Legal Update

96 Look-Alikes

Tracy-Gene Durkin, Kenneth Bass, and Julie Shirk, Sterne, Kessler, Goldstein & Fox

A new court ruling may open the door to generic drugs that look nearly the same as their brand competitors.

Special Report:

46 Counterfeit Menace: The Cost of Combat

Lou Kontnik,
www.SafeMedicines.Org

How well the industry does in organizing strong, responsive, multi-pronged systems to combat counterfeiting now will determine the extent to which executives will have to deal with it in the future.
