CLEANROOM EQUIPMENT & SUPPLIES

CORPORATE CAPABILITIES

Precision Fabrics Group, Inc.

Corporate description

PFG is a technical fabrics company serving the medical, aerospace, cleanroom, nuclear, and other industries requiring specialty textile products produced from woven and nonwoven substrates.

Technical services

Weaving and finishing of highly specified technical textile products.

Facilities

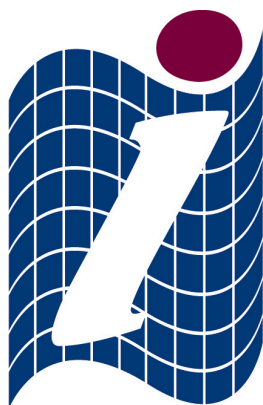

PFG has weaving and finishing operations in North Carolina, Virginia, and Tennessee. Corporate headquarters, Corporate R&D, and the Distribution Center are located in Greensboro, North Carolina, with sales offices in Bamberg, Germany.

Major products

Integrity® barrier fabrics for pharmaceutical cleanrooms, including Integrity 1800 for outer garments and Integrity 1000 for undergarments.

Markets served

PFG produces fabrics for aerospace, medical, pharmaceutical and semiconductor cleanrooms, and a number of other industrial applications.
