

Ei, A Pharmaceutical SolutionWorks™

Corporate Description

Based in metro Charlotte, North Carolina, Ei, A Pharmaceutical SolutionWorks™ **develops and manufactures topical liquid, semi-solid and loose powder Rx, OTC and therapeutic skin care products** for a wide range of brands.

The company operates 180,000 square feet of state-of-the-art manufacturing facilities. Ei offers topical drug product expertise and turn-key project management including formula development, package sourcing, testing, method development, validation, ICH stability programs, bulk manufacturing, filling and regulatory filing assistance.

Ei focuses on improving products, strengthening brands and creating better lives by setting a new standard in pharmaceutical, OTC and skin care development and manufacturing.

Ei represents more than 50 customers with a strong concentration of multinational, top-tier pharmaceutical and therapeutic skin care companies and other *Fortune* 100 companies. Ei prides itself on not just the cutting-edge science and state-of-the-art manufacturing expertise of its people, but the protection and strengthening of each individual customer's brand.
