## Pillar5 Pharma Inc.

### Company Description

Pillar5 Pharma was founded in December 2009 further to the acquisition of the former Pfizer manufacturing plant in Arnprior, Ontario, Canada. This plant provides expertise in oral solid dose, aseptic ophthalmic from fill/finish including analytical services. This plant has been in operation since 1956 with significant investment in equipment, processes and people over the many years of successful operation. The manufacturing plant has been successfully inspected by Health Canada and the FDA.

### Technical Services
