### Renishaw's inVia™ confocal Raman microscope has a new functionality!

We're pleased to introduce fluorescence lifetime imaging microscopy (FLIM) functionality to the inVia™ confocal Raman microscope. In partnership with Becker & Hickl GmbH, the system combines both Raman and FLIM in a single instrument. This integration can overlay both FLIM and Raman images with pixel-to-pixel correlation, thus increasing understanding of samples across a range of applications.

## EVENTS

### Pharma ChemOutsourcing

September 6-8, 2023 | Parsippany, NJ

### 2023 ISPE Annual Meeting & Expo

October 15-18, 2023 | Las Vegas, Nevada

### AAPS 2023 PharmSci 360

October 22-25, 2023 | Orlando, Florida

### CPHI Barcelona

October 24-26, 2023 | Barcelona, Spain

### Life Science Twin Screw Workshop

November 8-9, 2023 | Austin, Texas

### Plastics Compounding Twin Screw Workshop

November 29-30, 2023 | Branchburg, New Jersey
