Annie is our largest venue, located at the entrance level in the east part of Fotografiska.

In the room, there are two large doors that can be turned into a panoramic window overlooking the city and the water. The width of the doors even makes it possible to drive a car – or two – into the room! They can easily be opened, if you would like to use parts of the passage outside during coffee-breaks, post-conference mingle, or before dinner.

The room is also connected to our exhibitions, which means that it's easy to combine your event with the fascinating world of photography, preferably in combination with a presentation from one of our guides. The entire house is licensed, which makes this a nice feature combined with a glass of bubbly, or a pre-dinner cocktail.

Next to Annie is a 970 sq.ft. (90 sq.m.) joint event entrance. It can be used for registration upon arrival, for photo walls or as a lounge area.

At the other side of the entrance is our second largest venue, Ellen. For larger events these two areas are combined into an exclusive event floor with its own

entrance. Outside the entrance, it's possible to drop off or pick up your guests with e.g. bus or boat.

Restrooms and a space suitable for a manned cloak-room are located on the floor below.

Annie has a permanent Watchout system installed. The system allows you to project pictures, slide shows, and films with the help of 8 projectors, combined to create a 180 ft. (55 m.) long projection surface, divided across three walls. A projection of more than 2,100 sq.ft. (200 sq.m.)! The digital system gives you endless possibilities to arrange your meeting in any kind of environment. At the press of a button, the walls of the room can change from a warm and sunny Caribbean beach to French Alps with snowy slopes, or your own office.

THIS VENUE IS SUITABLE FOR:

conferences, lectures, kick-offs, general meetings, fairs, events, parties, shows, gala banquets, award shows, fashion shows, mingle, product launches, car launches, client and partner events, broadcastings, and hybrid events.

This is included with this venue

- > 180 ft. (55 m.) wall projection with Watchout system*

- > With a confirmed booking, a three-hour consultation with a dedicated project leader is included. We are always available for further consultation, according to needs and wishes.
