

MEDPAC Emergency Bag Medium

Art.no 120691

MEDPAC Medium is a mid-sized emergency bag. In this bag you can fit what you need in an emergency situation. It has a modular system with room for two inner walls and a middle partition that allows you to adapt the bag yourself according to your specific needs.

The bag is ergonomically designed to sit comfortably and relieve stress on the back and it is constructed in a durable, easy-to-clean and wipe off material. It has one main compartment, three front pockets with zipper, place for needle canister and a pocket in the back for computer/tablet or documents. It is equipped with strong YKK-zippers and has a reflective marking in neon.

Inner walls and inserts are purchased separately.
