

PERSPECTIVE

LENS PENDANT MAJOR MINOR

Coalescing with playful formalism in the Minor Major Pendant is a concern with weight and tension, along with shapes drawn from the sculptural pieces in the Lens collection. The result of a process of reduction, the Minor Major Pendant's metal discs are stacked into an ultimately balanced composition, forming a surprising and delightful silhouette. Both finishes use an acrylic diffuser that enhances the light output and allows Snelling's unique light sources to cast a gorgeously warm light.

PRODUCT TYPE

Pendant

MATERIALS

Acrylic
Aluminium
Brass

LAMP SPECIFICATIONS

19.0 W LED / Warm White 3000K / 800 Lumens / Dimmable
