- Natural Brass Panel

Notes

- Lead time - see website
- IP Rating available
- 3 year warranty

ASSEMBLY INSTRUCTIONS

1. Put hole in wall to fit driver/transformer. This must be installed either behind the light or at a nearby location as advised by your electrician.
2. To attach back plate to the wall:
 - Cut two 15mm holes with a 9mm recess.
 - Cut four pilot holes for the 4 fixing points.
3. Screw fixture to wall using supplied screws/nuts through holes positioned on back plate.
4. Once fixture is secure, place each panel on carefully.
