LENS BLOCK LUMEN

The Block Lumen, a beguiling and captivating object, is meticulously crafted to be in perfect proportion with the yoga block - a quintessential prop in the practice of yoga that aids in refining poses.

Beyond its functional use, the Block Lumen, with its playful and unexpected inclusion in the Lens Collection, provokes the desire to be held and admired. The Block Lumen refracts a prismatic light into the atmosphere, blending the principles of both form and function, light and object to capture the spirit of Snelling's design practice.
