

PERSPECTIVE

## LENS PENDANT MINOR MAJOR

Coalescing with playful formalism in the Minor Major Pendant is a concern with weight and tension, along with shapes drawn from the sculptural pieces in the Lens collection. The result of a process of reduction, the Minor Major Pendant's metal discs are stacked into an ultimately balanced composition, forming a surprising and delightful silhouette. Both finishes use an acrylic diffuser that enhances the light output and allows Snelling's unique light sources to cast a gorgeously warm light.

### MATERIALS

Acrylic  
Spun Metal (Powder Coated / Polished)  
Brass

### PRODUCT TYPE

Pendant Light

### LAMP SPECIFICATIONS

10 W LED / Warm White 3000K /  
800 Lumens / Dimmable  
LED 24V transformer supplied

### DIMENSIONS

(H) 320mm  
( $\phi$ ) 610mm
