Internal/External Posting

Clinical Coordinator – Community Mental Wellness Services Full-time position, based in Sioux Lookout

Position Summary

The Clinical Coordinator is responsible for the administration and coordination of the Payahtakenemowin Community Mental Wellness Team and other community-based mental health services provided to the Shibogama communities. Working closely with Health Directors and leadership of the Shibogama communities, the Clinical Coordinator also provides clinical support and training for community resource teams and contracted mental health counsellors.

Duties and responsibilities of the position include:

- Provide administrative supervision and support to the CMWT staff, resource people and contractors to meet program funding objectives and to ensure that communities are receiving appropriate services in accordance with ethical social work practice and counselling guidelines.
- Work closely with community Health Directors to ensure that service coordination and programming is aligned with local priorities and objectives.
- Travel to member communities on a regular basis to strengthen and enhance relationships.
- Provide ongoing clinical and training support to the community-based resource teams, including in times of crisis.

Required qualifications and experience:

- Master's level degree in Social Work, Psychology or another relevant discipline is preferred. Relevant education and training in combination with a Bachelor level degree in a applicable field may also be considered.
- Two years management/administration experience in First Nations' mental health and services.
- Five years direct service experience in mental health counselling with individuals and families living in First Nation communities.
- Knowledge and experience in working with First Nation, provincial and federal government systems of health.
- Membership or membership qualification in a recognized provincial regulatory body is preferred.
