

About Tutoring

“Amazing people, all with impressive backgrounds—and they catch on quickly. Honestly, they’re incredibly intelligent individuals with spectacular social skills. They are beautiful human beings all the way around.”

Leading & Learning Tutoring addresses your child’s unique learning style, abilities, and needs. Unlike the classroom environment, our tutors work one-on-one with your child, observing their learning style and subject competency, and we adjust as needed to ensure that instruction meets each clients’ academic needs.

We offer Tutoring services for

Elementary School Students — Grades 1 through 5

Middle School Students — Grades 6 through 8

High school Students — Grades 9 through 12

College Students — Freshman through Senior Year

Graduate Students

Why Leading & Learning’s tutors?

Leading & Learning selects our tutors not only for their **IQ**, but also for their **EQ** (emotional intelligence). We believe that it should be a given that each tutor has mastered the subjects they teach, and we also believe they must be compassionate, dedicated people who connect with your child on both an intellectual and a social-emotional level. Teaching is one thing, but developing trust and instilling confidence is another. Our tutors do both. Subsequently, your child gets more from each session. We demand quality, excellence, and positive results from our team—and they deliver.
