

International Drug Policy Reform Conference

**October 23-26, 2013
Denver, Colorado**

Don't miss the world's premier gathering of people who believe the war on drugs is doing more harm than good.

The Reform Conference is the best opportunity to learn about drug policy and to strategize and mobilize for reform.

www.reformconference.org

Every two years more than 1,000 people from across the United States and around the world come together to listen, learn, network and strategize about drug policy issues.

For more information, please contact Stefanie Jones, Event Manager, sjones@drugpolicy.org, or Art Way, Colorado Drug Policy Manager, away@drugpolicy.org
