

Side Event at the International
Harm Reduction Conference 2017

Future Proofing Harm Reduction

Organised by the Dutch Funded Harm Reduction Programs – Bridging the Gaps, PITCH and the Alliance Integrated Harm Reduction Programme (AIHRP). These three alliances are represented by Aidsfonds, International HIV/AIDS Alliance, International Network of People Who Use Drugs, AFEW International, and the Mainline Foundation.

Monday 15 May, 14:00-15:30
Mansfield II, Centre Mont-Royal

Harm reduction goes much further than HIV prevention, and contributes significantly to the quality of life of people who use drugs and to the realization of the Sustainable Development Goals. This side event, moderated by the SRHR Ambassador of the Netherlands, Lambert Grijns, will share examples from the variety of grassroots harm reduction projects currently funded by the Netherlands. We will look at the current challenges in harm reduction funding beyond HIV, and address how to frame programmes within the context of the SDGs.

Please join us for this event!

Speakers:

- Joost Breeksema, Mainline
- Catherine Cook, Harm Reduction International
