

# UK Leadership in the Global Response to HIV

# STOPAIDS.

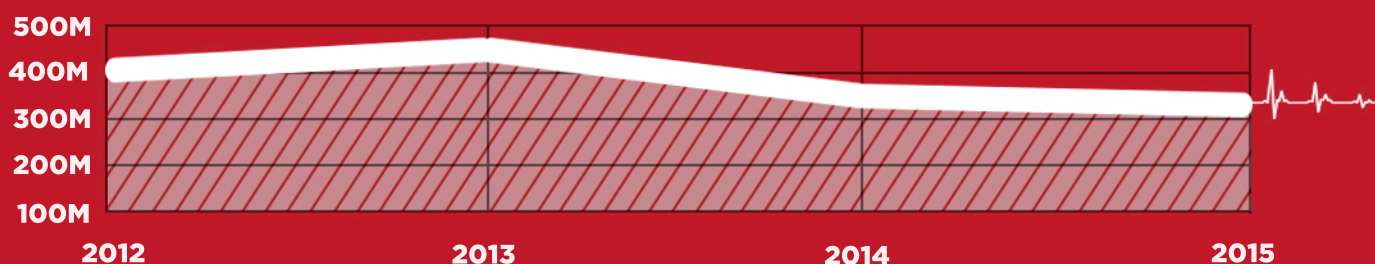

We need to fill a **\$7bn funding gap** to end **AIDS** as a public health threat by **2030**

## DFID Funding for HIV is falling

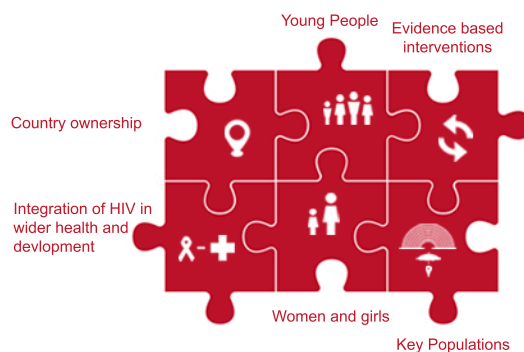

(M=Million £)

## DFID's last strategy on HIV expired in 2015

**STOPAIDS has identified UK global HIV priorities from DFID communications:**

## DFID's political leadership on HIV has been inconsistent

**UK Government Attendance at International AIDS Conferences**

**UK political leadership can 1) leverage funds from other donors 2) ensure a more effective response**
