

VOLANT

WALL LIGHT

Volant features solid brass bars, paired with textured, tubular formed-glass elements, creating a statement luminaire. This delicate light creates an equilibrium between the different materials and offers a beautifully soft level of luminosity.

Volant’s architectural nature allow the fixture to span across a plethora of interior spaces. The solid brass bars are individually machined with the luminaire defined by a white glass diffuser which is pinned in-place to the solid brass bar. Textured tubular glass elements are balanced on the same pins creating a uniquely formed illumination.
