

WORKSTEAD

LIGHTING

WORKSTEAD

CAPTIVATING WARMTH AND ELEMENTAL FORM.

Workstead is an award-winning, multidisciplinary design studio established in 2009. Since its founding, Workstead has earned acclaim for one-of-a-kind projects and products that are comprehensive in vision and exacting in detail.

As visual statements and tactile objects, Workstead's luminaires embody longevity in design and construction. Just as humans are inherently drawn toward light, so Workstead's lighting design is inspired by the shapes and materials that have conveyed safety and social connection throughout history. Our products stand firmly within a legacy of captivating warmth and elemental form.

WHAT WE DO

DESIGN

Our in-house design team creates lighting collections and custom lighting solutions for projects worldwide.

SALES & CLIENT SERVICES

Our Sales & Client Services team is available for expert guidance on lighting collections servicing Trade, Wholesale, and Direct channels.

MANUFACTURING

Our products are made-to-order in New York City. Each UL-listed light fixture is made and assembled by hand and comes with a robust guarantee.

TIMELESS IMPACT

Our products are functional and iconic, balancing a dialogue between past and present. Minimal in spirit, but flexible in use, our versatile collections can be found in shops, restaurants, hotels, and residences all over the world.

IN DEX

BOLE

BOLE positions rotund forms beneath fabric shades, presenting a grounded yet buoyant composition for the wall, ceiling, or table. With its confident proportions these fixtures sit

comfortably as the center of attention or tuck away to illuminate the unexpected. Available in Matte White or Matte Black Enamel, each version provides the perfect punctuation to any room.

BOLE IN COLOR

WITH A NOD TO ART HISTORICAL REFERENCES OF MORANDI AND DUTCH STILL LIFE PAINTING, AND AN INTEREST IN THE IMPACT OF COLOR IN THE NATURAL WORLD MORE BROADLY, SIX NEW FINISHES ARE HIGHLIGHTED HERE IN A MONOCHROMATIC ADDITION TO OUR BOLE COLLECTION. LIGHTER

COLOR WAYS - STRAW, CLAY, SKY - EXUDE LIGHTNESS WHILE STILL BEING GROUNDED IN A DEPTH OF TONE AND TEXTURE. DARKER COLOR WAYS REACH DEEP INTO EACH COLOR TO CREATE DRAMATIC, PAINTERLY HUES THAT DEPICT THE ESSENCE OF EACH NAMESAKE - TOMATO, GRASS, AND SEA.

BUOY

BUOY is a meditation on navigational forms, expressed through three essential geometries. Dynamic pairings of cones, domes, and slabs form the basis for a serial exploration of the interplay of light

and material across a range of scales and typologies. Recalling references of Alvar Aalto and Peter Behrens, each fixture is tied to the historic typology of objects afloat both on the wall and in the water.

HIERO GLYPH

HIEROGLYPH is composed of nested wooden cylinders—the foundational elements of our popular and versatile LODGE collection. Available as a sconce or pendant, each 9-bulb fixture makes a

striking luminous statement, referencing essential abstract forms of the De Stijl movement, and the figurative language from which the collection takes its name.

HOUSE

The HOUSE collection is our take on the classic shaded fixture typology. Unexpectedly playful in spirit, the HOUSE Sconce is made modern thanks to an extended adjustable arm allowing the fixture to pivot and direct light. The HOUSE Cord pendants offer this iconic domestic form at

two scales. The pendants feature a modern drop-cord, a delicate brass drop-ball, and a double-sided woven fabric shade, which are subtle and impactful at either scale. Available in hewn brass with a natural linen shade, hardwired or plug-in.

INDUS TRIAL

The INDUSTRIAL collection is the earliest and most elemental of Workstead's lighting. The Wall Lamp and Chandelier are composed of slender metal tubing, hand-cast adjustable clamps and cloth-covered cord. The pieces serve as moveable

sculptures, re-centering the eye based on configuration. An elemental Pendant is similarly adjustable and incorporates a pivoting disk that directs and reflects light, exuding a minimal but playful spirit wherever it is used.

LO DGE

The LODGE collection embodies the convergence of two architectural concepts: structure and network. Available in flush mount, three pendants, three chandeliers and five sconces, each fixture's

structural framing is made of hand-turned oak, with a network of electrified components rendered in refined metal hardware, the collection exhibits a versatile assortment of gestures.

MON UMENTAL

MONUMENTAL incorporates impressively canted surfaces, softly spun hemispheres, and the cool and subtly reflective qualities of waxed aluminum. The finish allows each fixture to be perceived on its own as an object described by light, or transform into

a uniform material world of warm contours and optical topographies when illuminated. Available in two dramatically scaled pendants along with an ADA compliant sconce and flush mount, these fixtures add an instant focal point to any space.

ORBIT

The fixtures in the ORBIT series embody a modern interpretation of early American candle holders, radiating a warm glow from a single point of light. The collection features three highly adjustable pieces with the ability to direct or

deflect light by rotating a spun metal dish. Three additional sconces, two pendants, one table lamp, and one chandelier round out the collection exploring the scale and sculptural qualities of this celestial form.

PENDO OLO

The PENDOLO collection explores the cone form across multiple scales, from a compact directional sconce to a series of statement chandeliers. The shaded forms, clad in natural burlap and linen, soften each iconographic composition and imbue the collection with a captivating warmth.

Taken individually, each fixture is a Calder-esque distillation of movement, to be frozen in time or often reconfigured. The resulting collection is a serial reflection on the delicate yet monumental presence of the cone form.

SHADED

SHADED is a series of architectural lightboxes which take cues from the contours of Workstead's iconic ARCHETYPE collection. Three streamlined forms are paired Natural Linen, and available with a delicate metal pull chain. SHADED VAULT conjures an arched

allée, an illuminated pillar emerging from the wall. SHADED BLOCK modernizes a rectangular form with an unexpectedly bold scale. SHADED GABLE features an angular crest draped in fabric, creating a minimalist sculptural statement.
