We proudly find our roots in Canada, where our designs are inspired, materials sourced, and products made. hollis+morris' processes bring traditional craftsmanship to modern furniture, seamlessly integrating metal and solid wood, and employ leading LED technology to create bold, energy-efficient lighting solutions that offer power, performance, and flexibility. The result is a collection of thoughtful, quality pieces that are built to last throughout the years.

Materials

In our workshops at hollis+morris we achieve a fine level of craft and detail by harnessing the qualities of every material that we work with. Our complimentary palette is carefully chosen by sourcing materials from around the world.

Wood | Harvested in Canada, our selection of natural wood brings visual warmth and tactility to our products

White Oak - Natural

White Oak - White

White Oak - Black

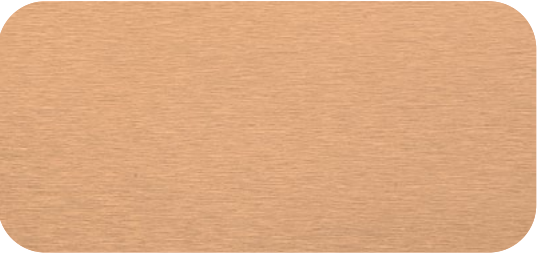

Walnut

Metal | From natural metal finishes, to powder coated colours, a carefully chosen palette to enhance your choice.

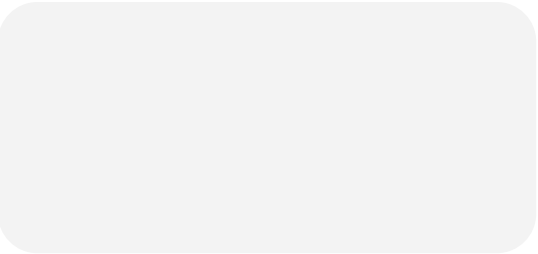

Brushed Brass

Brushed Copper

Brushed Stainless

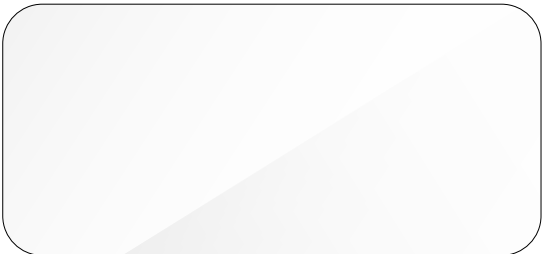

White - RAL 9003 Powder Coat

Black Powder Coat

Glass & Acrylic | Glass orbs are hand blown and high quality acrylic is precision cut and polished. Both materials diffuse light beautifully.

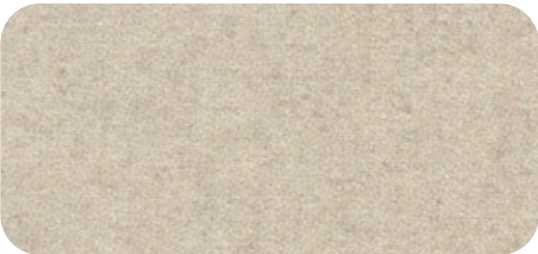

Glass

Acrylic

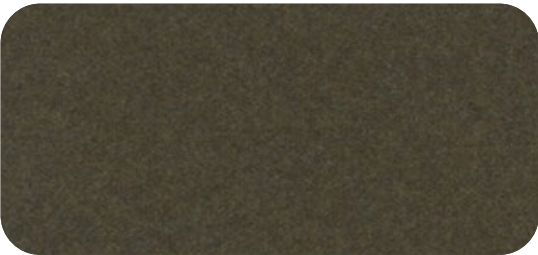

Fabric - Wool Blends | Our wool blends are sourced for their softness, and durability. 70% wool, 30% nylon.

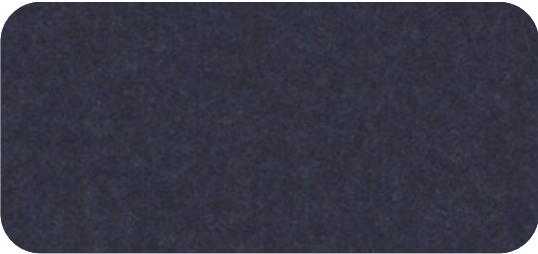

Europa

Smoke

Hunted

Tidal

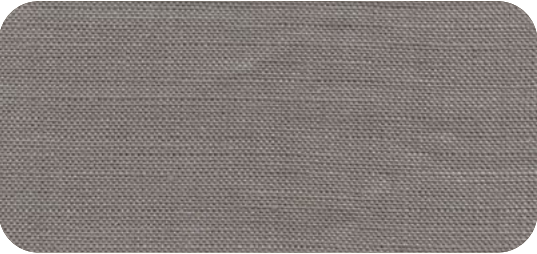

Brimstone

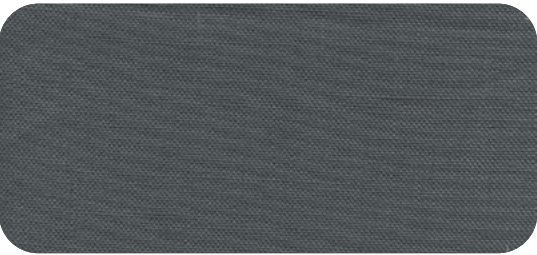

Fabric - Linen | These linen fabrics from Ireland are naturally breathable, soft, and beautiful. 100% linen.

Oatmeal

Stone

Graphite

Night

Noir

Custom | We provide the option of customers specifying their own fabric or leather for use in our products.

Customer's Own Material
