

Biography Egle Gedrimaite

Egle Gedrimaite was appointed Head of Global Business Development at Cosmo in October 2024. Her areas of expertise include Gastroenterology, Dermatology, and CDMO business development.

Egle brings over 15 years of experience in Business Development and Alliance Management across the pharmaceutical, medical device, and nutraceutical industries. Her background spans both B2B and B2C markets, supporting the growth of established brands as well as newly launched products. She also has solid experience in business and company acquisitions and divestments.

Her cross-functional approach allows her to lead development projects from inception to completion, working closely with all corporate functions to ensure successful execution.

Prior to joining Cosmo, Egle held roles at Sofar and Alfasigma.

She holds a degree in International Communications and Communication Systems in International Relations from the Università per Stranieri di Perugia (Italy).
