

Biography Giovanni Di Napoli

Giovanni Di Napoli was appointed Chief Executive Officer of Cosmo (SIX: COPN) in 2024, bringing more than 25 years of leadership experience in the healthcare and MedTech industries.

Before joining Cosmo, Giovanni built a distinguished career at Medtronic, where he held senior global leadership roles in endoscopy and surgical innovation. He played a central role in expanding Medtronic's gastroenterology and endoscopy portfolio worldwide, driving adoption of breakthrough technologies and building high-performing teams across multiple geographies. His career has been defined by scaling businesses internationally, leading complex integrations, and bringing disruptive technologies from concept to standard of care.

Giovanni began his career in sales and marketing within the medical device industry, quickly establishing a reputation for strategic execution and an ability to connect clinical innovation with patient impact. Over two decades, he advanced through leadership positions with increasing responsibility, ultimately overseeing global business units and innovation programs at one of the world's largest MedTech companies.

Beyond his professional career, Giovanni is passionate about sports, technology, and food. He is a certified basketball coach, a keen enthusiast of digital health and wearable technologies, and an avid cook who enjoys creating Italian dishes for family and friends.
