

**WORK,
WITH
PLENTY**

of room to play.

GRANDSCAPE WILL BE ONE OF THE *largest* AND MOST *unique* MIXED-USE REAL ESTATE DEVELOPMENTS IN THE COUNTRY UPON COMPLETION.

Located in the Dallas, Texas, metropolitan area and being developed by Nebraska Furniture Mart, a Berkshire Hathaway company, the project will stretch across more than 400 acres and feature more than 3.9 million square feet of retail, entertainment, residential, dining and attractions.

The Nebraska Furniture Mart store, just under 1.9 million square feet, along with a 331,000-square-foot Scheels sporting goods store are two of the first-in-Texas super regional destination retailers along with Galaxy Theatres and Andretti Indoor Karting & Games.

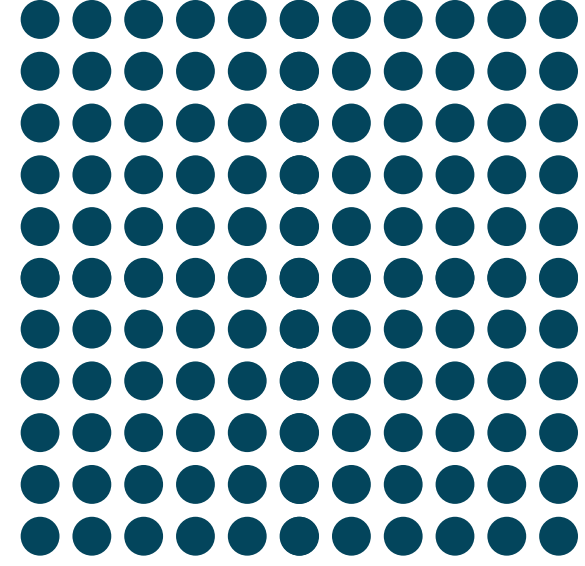

OUR GRAND PLANS FOR GRANDSCAPE INCLUDE MORE THAN JUST ONE-OF-A-KIND DESTINATIONS:

- Hotel and spa
- Multiple entertainment venues
- High-rise luxury apartments
- First-in-market dining
- An outdoor lawn and stage
- And much more

From our perfect location in The Colony, Texas, with more than a mile of frontage on the Sam Rayburn Tollway (SH 121) and three interchanges, it will be easy to see the grandeur of Grandscape - and easy to get here.

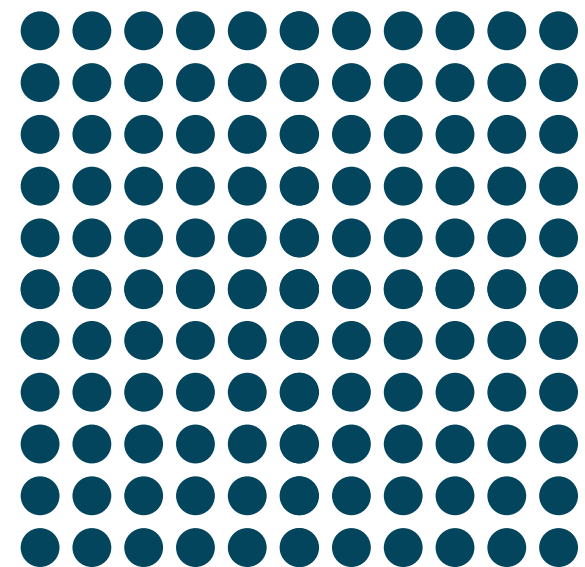

That's good, because we're laying out the welcome mat for millions of visitors a year, from near and far - up to hundreds of miles away.
