

GL60mini Firmware Release Notes

Release Date: 2024.06.03
GL60mini Firmware Version: V02.00.02.00
Gimbal firmware version: V1.0.6.5

Supported Products and Firmware Version:

CZI Pilot software: V1.3.1_RC7

ZhiSheng App (Android) : V1.1.2

M30 series + DJI RC Plus

Aircraft firmware: V10.00.06.08

Remote control firmware: V05.02.10.00

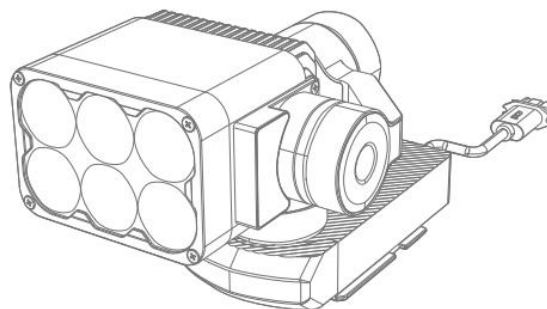

DJI Pilot 2 App: V10.0.7.17

What has been updated?

1. After this version, the remote control function will not be affected by activation information.

Notice

1. Use this firmware to update the drone to the latest aircraft firmware.

GL60mini Firmware Release Notes

Release Date: 2024.05.24

GL60mini Firmware Version: V02.00.01.00

Gimbal firmware version: V1.0.6.5

Supported Products and Firmware Version:

CZI Pilot software: V1.3.1_RC7

ZhiSheng App (Android) : V1.1.2

M30 series + DJI RC Plus

Aircraft firmware: V10.00.06.08

Remote control firmware: V03.02.09.08

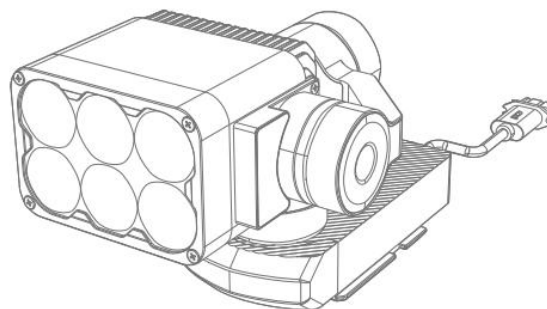

DJI Pilot 2 App: V10.0.6.12

What has been updated?

2. Update PSDK3900_2044 version to be compatible with DJI's latest drone firmware.

Notice

2. Use this firmware to update the drone to the latest aircraft firmware.

GL60mini Firmware Release Notes

Release Date: 2024.05.10
GL60mini Firmware Version: V02.00.00.01
Gimbal firmware version: V1.0.6.5

Supported Products and Firmware Version:

CZI Pilot software: V1.3.1_RC7

ZhiSheng App (Android) : V1.1.2

M30 series + DJI RC Plus

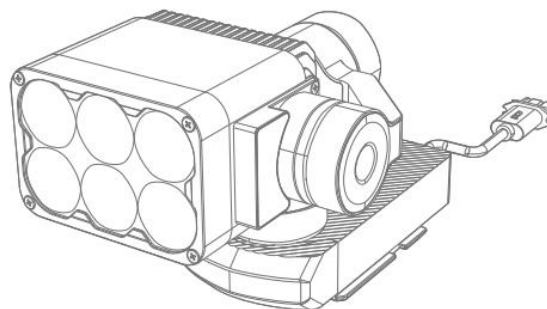

Aircraft firmware: V09.01.00.06

Remote control firmware: V03.02.09.07

DJI Pilot 2 App: V9.1.0.21

What has been updated?

- 3. Update PSDK3810_2006 version to be compatible with DJI's latest drone firmware.
- 4. Enable firmware upgrades even when not activated.
- 3. Optimize the stability of AI algorithm processing functions.

Notice

- 3. Use this firmware to update the drone to the latest aircraft firmware.

GL60mini Firmware Release Notes

Release Date: 2024.04.03
GL60mini Firmware Version: V01.04.00.02
Gimbal firmware version: V1.0.6.5

Supported Products and Firmware Version:

CZI Pilot software: V1.3.0_RC2

ZhiSheng App (Android) : V1.1.2

M30 series + DJI RC Plus

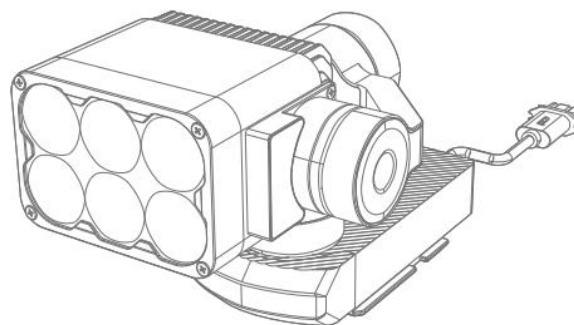

Aircraft firmware: V09.01.00.06

Remote control firmware: V03.02.09.07

DJI Pilot 2 App: V9.1.0.21

What has been updated?

1. Update psdk version to psdk3800_1929 to adapt to DJI's latest aircraft firmware.

Notice

1. Use this firmware to update the drone to the latest aircraft firmware.

GL60mini Firmware Release Notes

Release Date: 2023.12.27

GL60mini Firmware Version: V01.03.01.00

Gimbal firmware version: V1.0.6.4

Supported Products and

Firmware Version: CZI Pilot software: V1.3.0_RC2

ZhiSheng App (Android) : V1.1.0

M30 series + DJI RC Plus

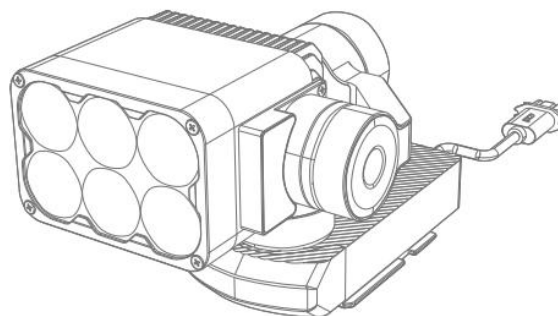

Aircraft firmware: V08.00.00.03

Remote control firmware: V02.02.05.07

DJI Pilot 2 App: V08.0.0.38

What has been updated?

1. Gimbal firmware update.

Notice

1. Use this firmware to update the drone to the latest aircraft firmware.

GL60mini Firmware Release Notes

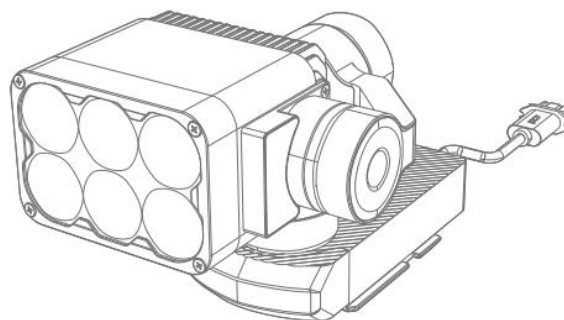

Release Date: 2023.12.13
GL60mini Firmware Version: V01.01.01.00

Supported Products and

Firmware Version: CZI Pilot software: V1.3.0
ZhiSheng App (Android) : V1.1.0
M30 series + DJI RC Plus
Aircraft firmware: V08.00.00.03
Remote control firmware: V02.02.05.07
DJI Pilot 2 App: V08.0.0.38

What has been updated?

1. Adapt to the latest drone firmware;
2. Add communication function with CziAssistant_Release;
3. Gimbal firmware optimization;
4. Optimize various functions.

Notice

1. Use this firmware to update the drone to the latest aircraft firmware.
