Fund overview

A New Zealand equity fund which not only exclude companies from controversial industries, but also up-weights and down-weights companies based on non-financial metrics including governance practices, fossil fuel exposure, and workplace diversity. Using the internationally acclaimed Corporate Sustainability Assessment from S&P Dow Jones, each company included in the S&P/NZX 50 Portfolio Index is given an ESG score and re-weighted accordingly.

Benefits

The NZ 50 ESG Tilted Fund can be used in a variety of investment strategies, for example:

- A core allocation to NZ equities
- A tactical exposure to NZ blue-chips
