

ARMADILLO × leif™

Ingredients

Barefoot is made in Australia from a natural formulation that is biodegradable, vegan and cruelty-free.

Active ingredients include ethanol denat, sodium citrate and coco glycoside, which work together to gently lift grease and stains and reduce oily residues without stripping away the natural wool fibers. The fresh, camphorous scent is derived from the essential oil of Eucalyptus Blue Mallee.

Instructions

Barefoot is formulated specifically for use on wool rugs.

1.
Remove as much of the spill as possible.
2.
Dab a damp cloth on the stain.
3.
Follow with several sprays of Barefoot.
4.
Pat the area with a clean cloth unless it draws away clear.
5.
Repeat if required.
