Dear Future Laurelwood Leader,

As summer approaches, I reflect on the generations of campers that have turned into the driveway on Summer Hill Road to begin a journey filled with personal growth, endless fun, and lifelong friendships. And as long as Laurelwood has existed, at the end of each summer our campers have counted the days before returning to their summer home with their summer family. As a Camp staff member, you are part of that legacy and will help make memories that will last a lifetime. Camp is so much more than a summer job, it’s an experience that you will take with you to future jobs and will benefit you throughout your life. We can’t wait to welcome you into this family as the next generation of life-changing leaders.

Here’s what people say about working at Camp Laurelwood:

“A new challenge comes up more times than you can count. A challenge that you will only get from working at camp, which will teach you more than you could ever imagine. I have learned how to work with a team, have self-responsibility, have the best attitude in whatever I am doing, and most importantly, to do what I love to do.”

“Working at Camp Laurelwood is an experience unlike anything else. It is beyond rewarding to support my campers through every challenge they face and know they’ll always remember it was you by their side. It’s not just a summer job; it’s a lifestyle that comes with memories and lifelong friendships I’ll cherish forever.”

“You will grow and change in ways you never imagined possible, and you will give your campers a safe space to do the same.”

“Working at Laurelwood certainly requires a great deal of responsibility, maturity, compassion, and intuition. Being a counselor will not only further develop those traits but if you share them with your campers, you will make a difference in their lives.”
