

Intro to Transparent Classroom

We are delighted to introduce you to our online parent communication system, Transparent Classroom. Soon, you will receive an email invitation to set up your parent account. **Please watch your inbox for it!**

Your Child's Learning and Growth, the Montessori Way

Through Transparent Classroom, you will receive updates about new activities and current work. Updates will look like: "**Presented [Binomial Cube](#) to [Jordan Smith](#)**"

If your child is working with a common Montessori material, his activity update might sometimes be a link. **Click on it!** These Transparent Classroom links provide an explanation of the Montessori material (How does my child use it? Which skill does it build?), often with a picture and a way to extend your child's learning at home. (Note: Many activities are special to your child's classroom and will not appear as links.)

Periodically, we will also share pictures of your child's special moments at school.

Clicking on your child's name will take you to his pictures and updates within Transparent Classroom.

Your Classroom's Parent Directory

Want to set up a playdate or connect with a parent in your child's class? The parent directory in Transparent Classroom has emails, phone numbers, and addresses.

To make this information available to other parents in your child's class, you need to set up your account and leave the "don't share" box unclicked.
