Inspired by the beauty of pearls hidden within an oyster, each piece features a fine crystal shell encasing a luminous glass sphere. The combination of crystal and brass creates a stunning play of light, while gradient sandblasting adds depth to the design. As light passes through, it creates a soft, radiant glow that brings elegance to any space.

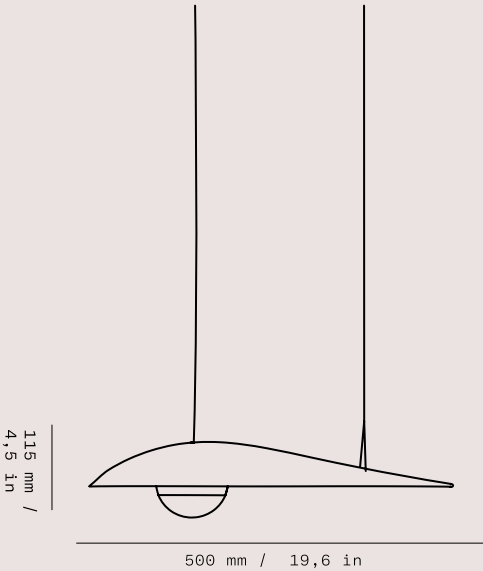

Colours & Shapes

* Standard overall height of pendant (including cable) is 2500 mm / 98,43 in. The cable can be adjusted by shortening the wire.

** All glass components are handmade - exact dimensions & colour can vary slightly.
