# Bags & Cables

---

Years of innovation and development have perfected the vac series, with the vac 30 representing the culmination of feedback directly from the cleaning industry's experts. It comes packaged with a kink-resistant, extra-durable power cable for user-friendly use and durability.

## Vacuum Bag

---

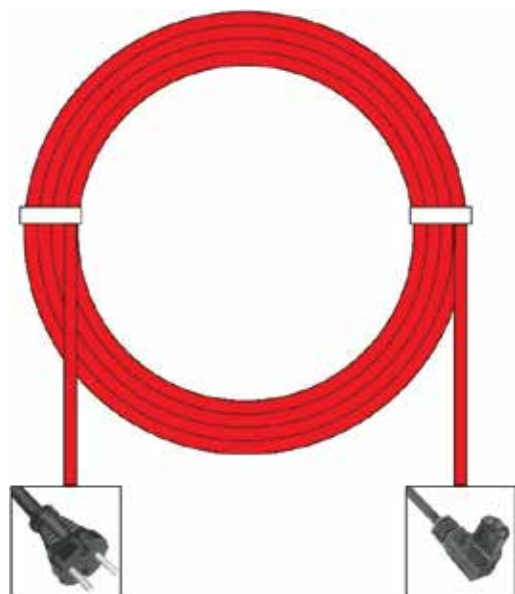

### Paper Bag

Pack of 10 single-use paper bags.

**88.2003.0**

## Cable

---

### Cable 15mtr A.C. Red

Kink resistant extra-durable cable with glued inner wires to eliminate twisting.

**03.0039.15**

# Filters

---

The vac 30 is an upright vacuum with 3 filtration options: Standard, HEPA and ULPA. Use this guide to determine the most appropriate bags and filters for your cleaning needs.

## Cassette Filters

---

### Standard Cassette Filter

Perfect for general commercial vacuuming.

**87.2002.0**

### HEPA 14 Red Filter Cassette

Removes particles, allergens and pathogens commonly associated with health issues such as asthma.

**77.0012.1**

### ULPA Blue Cassette Filter

The highest possible level of vacuum filtration currently available on the market.

**87.2002.701**

# Common Parts

---

With the ergonomically-designed vac 30 telescopic wand, you can effortlessly reach down to vacuum skirtings and beside furniture, or extend the wand to reach fans, ceiling skirtings and other hard to reach places.

## Telescopic Wand

Ergonomic, telescopic wand extends to reach fans, skirtings and other hard to reach places.

**88.1001.0**

## Handle

The handle helps you to operate the vac 30 completely flat.

**86.1001.0**

## Hose VAC 30UR 420mm Ø35MM \*BLACK\*

420mm hose used in combination with telescopic wand to reach all those hard-to-reach places.

**88.2001.1**

# Tools & Accessories

The integrated tool holder allows you to store all your accessories on the machine, keeping them safe and accessible at all times. Use this guide to determine the most appropriate tools for your cleaning needs.
