Overview of grant program

1 Overview of grant program

The Regional Event Fund was established in 1996. The program is a mechanism to grow regional visitation by assisting events that contribute to the unique character of the tourism regions of NSW, to market themselves to visitors from outside their Local Government Area.

The Regional Event Fund comprises three individual funding streams providing a development pipeline for events from inception, through emergence, to their establishment as tourism events in Regional NSW.

The three individual streams of the Regional Event Fund are:

- Incubator Event stream – supports the establishment of new events in their first or second years of operation
- Flagship Event stream – supports the marketing of emerging events that have been held for more than two years to increase their profile and encourage visitation
- Event Development Fund stream – supports the strategic development of established events as drivers of tourism.

Each of the three streams within the Regional Event Fund have different eligibility, selection criteria and assessment processes. Applications for the three streams are managed separately.

The Regional Event Fund provides an important contribution to the stretch target of a \$91 billion visitor economy in NSW by 2035, as endorsed by the NSW Government through the NSW Visitor Economy Strategy 2030 Review. As at the year ended September 2024, regional NSW generated 50 per cent of total visitor expenditure received by the state.

The Regional Event Fund directly supports strategic opportunities identified in the NSW Visitor Economy Strategy 2030 Review for NSW to create a dynamic, year-round calendar of signature events that spans all seasons and to leverage leisure events to grow seasonal visitation and showcase NSW's strengths. Applicants to the Fund must consider how events align with visitor experience priorities, consumer demand and the NSW Government's ambitions for regional visitor economy growth.

Further, the Fund enables visitor economy stakeholders to strengthen storytelling around NSW's diverse experiences to resonate with travellers' motivations. Events supported through the Fund that have demonstrated they are, or have the potential to become, tourism drivers for their region. The program seeks to support unique events that showcase the region and/or location in which they are held. Depending on the stream, grants are focused on event delivery, event marketing or specific growth initiatives.

Secondary objectives include leveraging supported events through Destination NSW marketing and communications activities to build the profile of NSW and specific destinations, and, through the application and feedback process, to offer guidance to event organisers to improve event management capabilities.

The Regional Event Fund will deliver value for money by providing targeted funding to event organisers to undertake specific marketing activities directly tied to promoting the event to new markets and attracting increased visitation across regional New South Wales.

Ultimately, the funding program aims to increase visitation to regional events and increase economic benefit to destinations.

The Regional Event Fund (inclusive of all three funding streams) has delivered more than **\$14 million** to more than **530 events** across regional NSW over the past 29 years.

This document provides information on the Event Development stream of the Regional Event Fund only. Guidelines for the Incubator Event stream and the Flagship Event stream are available separately via the [website](#).

The Event Development stream supports events that have previously received the maximum funding permitted through the Flagship Event stream and can present a strategy for future growth that includes the continued development of its tourism potential to drive overnight visitation to the event.

To be considered for funding, events must be delivered between 1 July 2025 and 30 June 2026.

This program is funded and administered by Destination NSW.

Destination NSW is the lead agency, champion and voice for the visitor economy within the NSW Government.

The Regional Event Fund also aligns with other NSW Government priorities and strategies including (but not limited to):

- 24-Hour Economy Strategy
- Creative Communities policy
- Contemporary Music Strategy
- NSW Office of Sport Strategic Plan 2024-2028
- Hospitality and Racing Strategy 2025
- Multicultural NSW Strategic Plan 2025
- The NSW Industry Development Framework

The Regional Event Fund supports the NSW Creative Communities integrated policy for arts, culture and the creative industries by:

- Promoting NSW arts and cultural venues and activities, including local festivals and events, alongside major international and national experiences.
- Broadening the range of festivals and creative hospitality on the state's calendar to engage local audiences and attract visitors, which play an important part in fostering social cohesion, tourism, and local innovation and celebration.
- Strengthening the co-ordination of festival support in NSW to properly position and grow the festivals sector, leveraging the wide range of industries involved.

1.1 Purpose and objectives

The purpose of the Event Development stream is to support events that have previously received the maximum funding permitted through the Flagship Event stream and can present a strategy for future growth that includes the continued development of its tourism potential to drive overnight visitation to the event.

The Event Development stream offers one-off annual grants of up to \$50,000 (excl. GST) to support key strategic growth initiatives.

An event may apply for any amount up to and including \$50,000 but must be able to provide justification for the amount requested within the context of its growth strategy, overall budget and event plan.

Applications will be accepted on an annual basis only and with reference to specific initiatives. Multi-year agreements will not be considered. An event may apply for funding in more than one year, but the decision on funding will be based on the merit of the initiative being supported in each year of application.

The payment of any funds granted through the Event Development stream will be tied to the delivery of key milestones and Key Performance Indicators related to the initiative being supported.

1.2 Grant value

A total budget of up to \$1,500,000 (ex GST) has been allocated to the Regional Event Fund in FY2025/26.

Of this total budget \$170,000 will be allocated to the Event Development stream.

The budget allocation above is indicative only. Final allocations will be based on the number, eligibility, and quality of the applications received for 2025/26 and may deviate from the indicative allocations within the context of the total Program budget.

1.3 Compliance and delegations under the *NSW Grants Administration Guide*

Destination NSW grant programs must comply with the *NSW Grants Administration Guide* (the Guide). The Guide specifies that a 'Decision-Maker' must be appointed for a Grants Program, which defaults as the responsible Minister– the Minister for Jobs and Tourism.

1.3.1 Decision-Maker responsibilities under the Guide

The Regional Event Fund is required to comply with the NSW Grants Administration Guide. The Guide specifies that a 'Decision-Maker' be appointed for a Grants Program, which defaults to the responsible Minister.

A Minister or designated decision-maker who approves or declines a grant must record the decision in writing whilst having regard to the grant guidelines, the selection criteria and the key principle of achieving value for money.

1.3.2 Delegation of Decision-Maker responsibilities

Per Section 6.1.6 of the NSW Grants Administration Guide, the Minister can authorise delegating responsibilities for operational matters associated with minor decisions and changes to the Chief Executive Officer, Destination NSW.

Responsibilities for critical decisions for this program include:

- Approval of successful applications – Minister for Jobs and Tourism
- Successful applicants will be informed by letter from the Minister for Jobs and Tourism
- Contracts for successful applicants will be executed by Destination NSW and signed by the CEO, Destination NSW
- Approval of unsuccessful applications – CEO, Destination NSW
- Approval of ineligible applications – CEO, Destination NSW

- Unsuccessful and ineligible applicants will be informed by letter from the CEO, Destination NSW

Assessment process

4 Assessment process

4.1 Assessment of grant applications

The Event Development stream is an open and non-competitive grants program.

Applications will be assessed against the eligibility criteria and the assessment criteria outlined in these Guidelines. Eligible applications are assessed individually against the nominated criteria.

All eligible applications will be assessed by a panel convened by Destination NSW. The assessment panel consists of representatives with experience in events and regional tourism. Each application is assessed by a minimum of three different members of the assessment panel.

The Panel will make its recommendations for which events should receive Event Development stream grants according to the following principles of the fund:

- the Event Development stream is a co-operative arrangement between Destination NSW and the regional event
- the Event Development stream is a Destination NSW grant program that supports the strategic development of selected regional events to achieve tourism outcomes of benefit to Regional NSW
- the Event Development stream seeks to assist the development of those events that expressly contribute to the unique identity of the tourism regions of the State and demonstrate the potential to act as 'flagships' for those regions
- receipt of a previous grant from the three streams of the Regional Event Fund is no indication that a current application will be successful. The Panel will make its recommendations for funding based on the merits of the event's application for that year

Destination NSW reserves the right not to award funding if the applications are of insufficient merit in the opinion of the Panel. Similarly, Destination NSW reserves the right to award an amount less than applied for if the assessors deem the amount requested is not warranted.

Based on the assessments, a recommendation will then to be made in writing to the Decision-Maker.

The Decision-Maker will provide the final funding approval of the event and funding amount.

4.2 Notification of application outcome

Applicants will be advised via email and/or letter of the outcome of their grant application once approval is determined by the Decision-Maker (the Minister).

Unsuccessful applicants will be notified in writing and offered the opportunity of a feedback session about their application (upon request made to Destination NSW).

Successful applicants will be advised of their application status and may be requested to keep the status and details confidential until an announcement is made by the Minister.

Successful applications may be announced publicly. Successful applicants will receive a letter of notification following this announcement.

4.2.1 Feedback on applications

Unsuccessful applicants will have the opportunity to contact Destination NSW to receive feedback on their applications following assessment but should note that:

- information provided by Destination NSW is a guide only and is prepared in good faith. Destination NSW has sought to ensure that the information is true and correct at the time of presentation.
 - feedback supplied is based on the information provided to Destination NSW. Destination NSW does not make any representation or warranty about the accuracy, suitability, reliability, currency or completeness of any feedback provided.
 - Destination NSW cannot commit to any results or benefits in future applications from an applicant's participation in feedback. All applicants are responsible for determining any further investigations, information and consideration that might be required.
 - it is the applicant and event owner's responsibility to decide, based on their full knowledge and understanding of their business situation, how relevant the information is. Destination NSW recommends seeking independent professional advice (legal, financial or otherwise).
 - Destination NSW is not liable for any loss resulting from any action taken or reliance made by the applicant on any feedback and information provided. No guarantees are made of any particular outcome if an applicant chooses to rely on the feedback.
-
