BCR ANTI SLIP ALUMINIUM STAIR NOSING

ALUMINIUM STAIR NOSING WITH INSERT

BCR Anti Slip Stair Nosing range ensures you will meet safety requirements with a durable system that reduces slip and trip hazards as well as prolonging the life of stair coverings. A range of design options are offered to suit different environments.

BCR Anti Slip Stair Nosing suitable for indoor or outdoor stairs, offers both bullnose and slimline designs to fit different step types. Our aluminium has a clear 15 micron anodised coating to protect the integrity and visual appeal of the metal. BCR Anti Slip Stair Nosing is designed to suit the environment and meet your design specifications.

BCR Anti Slip Stair Nosing with anti slip black ribbed vinyl insert, ideal for light commercial or domestic use. Insert in packed separately, to be fitted after the metal nosing has been fixed to stair.
