

FORELAND

FORELAND

Supporting Art and Artists on Your Big Day.

Foreland is an 85,000 SF contemporary arts campus housed within three historic mills nestled among the Catskill Mountains and Hudson River. A six year restoration-and-development project, with \$12M of private equity funding spent, Foreland is an unparalleled endeavor of thoughtful design and natural beauty a heartbeat away from New York City in the Hudson River Valley.

The Campus includes 34 artist workspaces, three commercial art galleries, food & beverage spaces, a coworking space, and three private event venues designed specifically for weddings and elegant large-scale gatherings (20,000SF of event space in total).

Our three wedding venues are lovingly named: The Waterfront (and Great Lawn), Mountain Space, & Bookhouse.

Weddings and private rental clients can take a single venue for intimate gatherings of 200 or less, or rent them all and easily accommodate parties of 500!

Each and every event is used to directly patronage the arts and artists within our Campus.

Clockwise: Bookhouse,
Waterfront, Great Lawn.

Our Waterfront is 6,000SF,
Mountain Space is 4,000SF,
and Bookhouse is 10,000SF,
which includes 2 loft suites to
spend your big day.
