

OutriderPro™

Outrider Gas Transports is the first to design and manufacture a cascade trailer system that addresses the specific challenges faced by gas utility companies on a daily basis. Its towability and ease of use are second to none. The Outrider Pro trailer is also made with high quality parts that can be fixed in field if needed.

Utilities are unknowingly losing money and compromising safety by using outdated equipment.

Shown with optional Regulation Panel

Convenient toolbox for frequently used items

Features & Specifications

Designed by industry veterans and based on customer feedback, the Outrider Pro is a state of the art trailer that provides a temporary storage of natural gas for utilities. With a CNG capacity of more than 52,000 scf and towable by a 1 ton pickup, the Outrider Pro's small footprint makes it nimble and easy to move to and from job sites. Outrider's trailers exceed existing DOT regulations and have passed Finite Element Analysis (FEA) 3rd party inspection. To choose the Outrider Pro is to experience improved efficiency and decreased costs, all while reducing your exposure to liability.

» ANSI/CSA NGV2 » US DOT FMVSS 304 » CAN/CSA B51
» TC 301.2 » METI-KHK » ISO 11439

Outrider Pro Specs

CNG Capacity at 70°F	52,560 scf 409 dge 460 gge 1,472.5 scm 52 MMBTU
Operating Pressure	3,600 psi / 250 bar
Test Pressure	5,400 psi
Cylinders	16 3,285 CF per cylinder
Cylinders Type	TYPE III—Aluminum liner, composite wrap
Cylinders Water Volume	5,024 L
Tare Weight	9,220 lb. (empty)
Gross Weight	11,593 lb. (full)
Gas Weight	2,373 lb.
Relief Valve	Standard
Hitch type	2-5/16" Ball or Pintle Height adjustable
Axles	2 - 7k lb. with brakes
Measurements	Width 8' 4" / Length 18' / Height 7'10"
Outlet Connection to Regulation	Customer Specified
Tubing	1/2" SS O-ring face seal
Driver Requirements	DOT / HAZMAT
Regulation Panel	Optional
Telemetry	Optional
Standard Features	Hose door, interior light, grounding reel, toolbox, fire extinguisher, wheel chocks

OutriderCart™

The first of its kind, the Outrider Cart offers gas utilities the flexibility they need to manage their complex schedules. The Cart is Outrider's solution for its customers' small capacity jobs. Dolly mounted and highly mobile, the Cart can be easily hand-pushed through small gates and narrow alley ways. The Cart is ideal for meter change outs, rural farm taps and small residential/commercial jobs - the applications are endless!

Features & Specifications

SECURE, LOCK, LEAVE

Let the Outrider Cart work for you while you and your truck move on to the next job.

CAN GO ANYWHERE

At only 23" wide, easily push across any terrain.

DAISY CHAIN FEATURE

Tailor your capacity needs by connecting up to four Outrider Carts with our manifold.

REGULATION BUILT-IN

The Outrider Cart is delivered field ready.

Outrider Cart Specs

CNG capacity	969 scf, 7.8 DGE, 7.0 GGE
Operating Pressure	3,600 psi
Tare Weight	258 lbs
Gross Weight	284.3 lbs (full)
Measurements	55" (H) x 23" (W) x 30" (D)
1st cut regulation	Fisher 1301G
2nd cut regulation	Fisher 627
Over Pressure Protection Relief Device	Fisher 289H
Pressure Range Availability	3,600 - 5 psi
Outlet Connection	1"
Inlet fueling connection	Weh TN1
Cylinder	Type III - Aluminum liner, composite wrap
Tubing	
Poly Foam Tires	Amerityre 11 x 4 1/2
