

## **Recalls and Unsafe Products Policy as of September 2013**

When a product is defective, substandard, unsafe, hazardous, not in compliance with Burlington Stores, Inc. ("Burlington") policies or standards or not in compliance with applicable laws and regulations, all units may be recalled from Burlington stores at the discretion of Burlington. Vendors will be charged back for the cost of the merchandise, and shall be responsible for all freight and handling charges. In addition to all other rights and remedies Burlington may have under applicable law, including the right to recover for lost sales, Burlington may also charge the vendor up to 20 percent of the retail cost of all such goods to offset the expenses that may arise from executing any recalls of the merchandise. Burlington will process most such recalls under its "debit and destroy" policy (*i.e.* the merchandise will not be returned to the vendor). Any incremental costs incurred as a result of management, administration, or disposal of defective, substandard, unsafe, hazardous or recalled products will be charged back to the vendor.
