

## Remote Temperature Monitoring

The Alloy SmartHome Electrical Heating Thermostat is an advanced, connected line voltage thermostat with the ability to operate four wire line voltage heating systems, like baseboard heaters or in-wall fan units. The electric thermostat has a built-in Z-Wave module and provides a unique and attractive design for a connected home experience.

- Tempered glass display
- Capacitive touch buttons
- GFCI protection
- Z-Wave Plus technology

## Technical Specifications

### Frequency

908.42 MHz

### Regulation

FCC

### Physical Dimension

4.73 (L) x 2.99 (W) x 0.79 (H) inches

### Warranty

One (1) year standard

### Protocol

Z-Wave Plus

### Power Supply

120VAC 60Hz 1800w  
240VAC 60Hz 3600w

### Compatibility

This is a line voltage electrical heating thermostat and is compatible with the following systems:

Baseboard heaters  
Heating film  
In-wall fan heaters
