

ALLOY / SmartHome | LEAK SENSOR

Leak Sensor + Probe

Minimize the costs associated with leaks with our discrete sensor. Mount or place the sensor under or near any appliance, sump pump, water heater, toilet or any anything else that may be susceptible to leakage or water damage. Receive real-time notifications if a leak happens so you can prevent costly repair expenses.

- High precision sensitivity
- 4' probe tail
- Z-Wave Plus protocol
- Low profile, easy installation

Technical Specifications

Frequency

908.4 MHz US

Protocol

Z-Wave Plus

Range

Up to 148' (45 meters) indoor
Up to 197' (60 meters) outdoor

Physical Dimensions

2.68 (L) x 2.68 (W) x 1.34 (H) inches

Regulation

FCC

Power Supply

CR2 x1
Battery life up to two (2) years

Warranty

One (1) year standard

Operating Condition

32° - 158°F (0°C to 70°C)
