Blockchain Development

Anas Aqeel

Blockchain | Full-Stack | UI Developer | Tailwind UI Expert |
JavaScript | TypeScript | React | Next | Sanity | PostgreSQL
Karāchi, Sindh, Pakistan

Summary

I am an experienced Full-Stack Developer specializing in JavaScript, TypeScript, React, and Next.js. With a focus on frontend development, I have a strong track record of delivering visually appealing and user-friendly web applications using Tailwind UI.

Throughout my career, I have gained expertise in building Single Page Applications, optimizing web applications for speed and scalability, and collaborating with design teams to create seamless user experiences.

I am constantly expanding my knowledge and keeping up with industry trends. Currently, I am actively learning web3 technologies such as Solidity, EtherJs, and web3, with a keen interest in exploring blockchain development.

In addition to my development skills, I have freelance experience on platforms like Fiverr, where I have worked on Web Design, NFTs, Tokenization, Solidity, and Smart Contracts. As a Smart Contract Developer, I have successfully implemented solutions in the field of blockchain technology.

My journey as a React Developer has provided me with hands-on experience in web design, web development, and building applications using Bootstrap and Next.js. This experience has enhanced my ability to write clean and maintainable code while meeting project requirements and deadlines.

Currently pursuing a degree in Computer Software Engineering, I actively engage in coding clubs, tech meetups, and workshops to stay at the forefront of industry advancements. I am dedicated to continuous growth and innovation.

Passionate about leveraging my technical expertise, attention to detail, and creativity, I thrive in dynamic and collaborative environments. I am driven to contribute to innovative projects that push the boundaries of web development.

Let's connect and discuss how we can collaborate to build exceptional web applications and deliver outstanding user experiences.
