Vogl is warranted for ten (10) years. Refer to Warranty document for terms.

APPLICATIONS

Ceilings

PERFORATION PATTERNS

Our manufacturing technique allows Vogl to be produced with a variety of open area and margin options. See our product brochure to view profiles. For custom patterns, consult Decor Systems.

JOINING OPTIONS

Panels mounted edge-to-edge for flush jointing.

MATERIAL SIZES

Standard panels are up to 1200x2000mm. Panel thickness is 12.5mm. Consult Decor Systems for non-standard panel sizes.

FINISH OPTIONS

- Raw: coated on site

Please note: As per AS/NZS 2311:2017 painting of plasterboard must comprise of a 3-coat system with a short nap roller. Failure to do so may result in joints being visible and warranty voided.

- Sealer Undercoat x 1
- Top Coat x 2
