

DECOR SYSTEMS VOGL CARE & MAINTENANCE

Decor Systems Vogl Maintenance Procedure

Introduction

To ensure the quality of your Vogl ceiling please follow the below instructions.

Care and Maintenance

General Regular Cleaning

Slight surface soiling, dust deposits, etc. can be brushed off the ceiling with a clean fine-hair broom.

Do not use water to clean the ceiling as this might impair the final coating.

Maintenance and repair (new paint coat)

Preparation for new paint coat:

- Mend any minor damage caused by use using painters filler and then sanding and priming the spots.
- Check the surfaces. Brush off any soiling with a clean, fine-hair broom. if necessary, use a damp cloth or fine sandpaper.

Application of new paint coat:

- Observe the paint manufacturer's processing instructions and adhere to drying times.
- All coatings on acoustic design ceilings must be applied with a roller.
- Note: A new paint coat on the acoustic design ceiling will have no impact on the acoustic effect.
