

# Muteboox Meet

Connect eller Creative?  
The Choice Is Yours.

## Meaningful Conversations

Let your ideas flow freely whether you're joining online meetings, having confidential conversations with colleagues, or immersing yourself in a creative process.

Mutebox Meet creates the perfect setting for presence, dialogue, and shared focus. The series consists of Mutebox Meet Connect and Mutebox Meet Creative. Both models accommodate up to four people and are designed with comfort and functionality in mind. Sound-insulating acoustic panels and carefully selected interior elements create a calm and inviting space where conversation takes center stage.

Mutebox Meet Connect is equipped with an integrated screen, camera, and microphone, as well as the option to connect additional AV equipment. This ensures that digital meetings can be conducted smoothly and without disruption.

Mutebox Meet Creative offers a space where ideas can be shared, shaped, and developed. The pod features a glass board and accessories and is designed for brainstorming and planning.

Designed, developed, and produced in Denmark.

# Mutebox Meet Connect

Mutebox Meet Connect comes with a 27" interactive screen, so you can seamlessly participate in online meetings.

# Mutebox Meet Creative

Mutebox Meet Creative is ideal for planning and brainstorming with its built-in glass board.
